ENGINEER DEPARTMENT.

Session 1903-1904.

CANDIDATES for admission to the Engineer Department should apply to the Principal before the 15th May 1903. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 1st June 1903.

Candidates must furnish proof that they have passed one of the following tests:—

(1) The B.A. Examination in the B Course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.
(2) The F.A. Examination of Calcutta and Madras Universities.
(3) The Intermediate Examination of Allahabad and Punjab Universities.
(4) The Intermediate Examination for the degree of B.A. of Bombay University.

The candidate's age in (2), (3) and (4) must be under 21 years.

In selecting candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F.A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students of the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manuel labour and eyesight.

Further particulars will be supplied on application to the Principal.

APPRENTICE DEPARTMENT.

Session 1903-1904.

THERE are about 40 vacancies for native and 10 for Christian apprentices.

The date for admission to this Department is 1st June 1903. Candidates must be at least 15 and not more than 17 years of age.

They must have passed Standard VII or the Middle School examination of the Code for European Schools or the University Entrance examination. They must submit their applications accompanied by a certificate of age and a certificate showing that they have passed

the requisite standard so as to reach the Principal not later than the 6th May 1903, together with a registration fee of one rupee. No application will be attended to after this date.

The maximum number to be admitted each year is limited to 60, and applicants will be selected in order of merit.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, chest measurement, fitness for manual labour and eyesight. If this officer's report is unsatisfactory, the applicant will not be admitted.

Before an apprentice is admitted to the College, his parent or guardian must sign an agreement in the form shown in Appendix A.

The session begins on the 1st Monday in June. All apprentices are required to join the College on that date. Any apprentice prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No apprentice will be admitted or readmitted to the College after the close of the month of June except by special order of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

There will be one vacancy on the free list for Christian apprentices in June next and there will be 6 on the reduced-fee list. For natives there will be at least 7 vacancies on the reduced-fee list. Elections to these lists will be made by the Board of Visitors.

Rs. 5 per mensem.
" 2 " "

Forms to be filled up for the consideration of the Board can be had on application to the Principal.

All applications from Christian candidates for admission to the free or reduced-fee lists must reach the Principal not later than May 6th so as to enable elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native lists will be filled up after the opening of the session from those apprentices who have joined the College after admission.

Further particulars will be supplied on application to the Principal.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 180B.

NOTIFICATION OF THE BOARD OF REVENUE.

No. 3559B.

THE following Rules for the payment of refunds of duty on salt bonded in Inland Bonded Warehouses, are published for general information.

Rules for the payment of refunds of Duty on Salt bonded in Inland Bonded Warehouses from the Calcutta Customs' Treasury.

1. On receipt of an application for refund of the duty on salt stored in an Inland Bonded Warehouse, the Collector of the district, through whom the returns of the warehouse are submitted, will cause to be prepared a statement of all payments of duty on account of salt stored in that warehouse, whether they have been made into the local Treasury or into the Calcutta Custom House Treasury, together with a report stating the quantity of salt on which a refund is payable, and explaining the reasons for the deficiency in the outturn of salt delivered from the warehouse. The salt receipts, in the case of payments at Calcutta, and the duplicate Treasury *chalans*, in other cases, with endorsements showing the deficiency in the outturn, will be annexed to the statement. The papers will then go before the Treasury Officer for verification by him of the payments of duty into the District Treasury. To facilitate this verification, the number of the bond securing the duty should, in future, be noted on the *chalans* at the time duty is paid in.

2. If the District Officer considers the refund admissible, under Rule 25 of the rules published at page 1329, Part I, of the *Calcutta Gazette*, of the 5th December 1900, he will cause a refund voucher to be prepared in Form No. 13, given at page 338, Volume I, of the Civil Account Code; and, after noting in his registers the amount to be refunded out of duty paid into his Treasury, and signing under the words "Passed for payment," he will forward it with all the papers to the Collector of Customs, Calcutta.

3. The daroga's statement of duty paid into the Calcutta Custom House Treasury (if any) will then be verified in the Custom House, and the papers will then be sent to the Superintendent of the Salt Golah Department, for report as to whether the short-delivery of salt on which the refund is claimed seems reasonable.

4. When it is considered that the refund should be paid, the statement of duty payments into the local Treasury (if any), verified by the local Treasury Officer, will be incorporated in the Custom House account of duty realised on account of the bond, and the refund will then be noted for payment in the Calcutta Custom House. When payment is made, it will be entered against the above account, as required by Rule 99 of the Civil Account Code.

5. An advice of all refunds paid in the Calcutta Custom House under these rules will be sent to the District Officer for note against the original credit entries.

No. 409T.R.—The 4th May 1903.—The following is published for general information.

A. EARLE,
Offg. Secy. to the Govt. of Bengal.

Circular No. 5-F,

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

FORESTS.

Dated Simla, the 20th April 1903.

REGULATIONS FOR THE FOREST SERVICE BRANCH OF THE ROYAL INDIAN ENGINEERING COLLEGE, COOPER'S HILL, FOR 1903.

(Postal and Telegraph address, Englefield Green. Railway Station, Egham, L. and S. W. Railway.)

[*The arrangements hereinafter described are subject to revision under the orders of the Secretary of State for India.*]

1. The examination for admission to the Indian Forest Service through the Royal Indian Engineering College, which will be conducted by the Civil Service Commissioners, will be simultaneous with, and in the same subjects and papers as, the examination for the Indian Police Department* (which is usually held in June), except that for the Forest Department "German" is obligatory, and Botany is added to the Class I. subjects and "Chemistry and Heat" are included in Class I instead of Class II.

Candidates may undergo the written part of their examination in London, Edinburgh or Dublin, or at any of the provincial centres at which the simultaneous examination of candidates for admission to the Royal Military College, Sandhurst, is to be held. A list of the probable centres may be obtained from the Civil Service Commissioners at any time after January 1903. The oral and practical parts of the examination will be held in London only.

A fee of £2 is required from candidates examined in London, but when the written examination is conducted elsewhere than in London the fee is £3. Candidates examined at a college or school will probably be required to pay a local fee in addition to the fee of £3 (in order to defray the expenses of superintendence), as to which they should obtain early information from the College or School authorities. The fee payable to the Civil Service Commissioners must be paid by means of stamps of the specified amount. Instructions on this point will be issued to candidates about ten days before the examination.

2. The number of candidates to be selected annually varies according to the requirements of the Forest Service in India; the figures as regards each particular year will be advertised from time to time. *In 1903 there will be seven appointments offered for competition.*

3. Candidates for the Indian Forest Department are selected under the following arrangements:—

(1) An applicant must be a natural-born British subject, and must be above 17 and under 20 years of age† on the 1st June of the year in which he competes for an appointment. He must be unmarried, and if he marries before reaching India, he will forfeit his appointment.

(2) An applicant must send‡ to the Judicial and Public Department of the India Office, on or before the 1st day of May of the year in which he proposes to compete—

(*a*) His name, parentage and home address, a certificate or other satisfactory evidence of the date of his birth, and the written consent of parent or guardian that his name should be recorded as a candidate.

(*b*) If his parent or guardian resides abroad, he must furnish an undertaking, signed by a representative of such parent or guardian in this country, who, in the event of the candidate's admission to the Royal Indian

* Candidates may, if qualified, enter for both the Police and the Forest Departments. Only one fee in such case need be paid.

† The limit of age prescribed for candidates for admission to the Indian Police and Forest Services by competitive examination in this country is extended in the case of those who have performed military service in South Africa by the period of such service not exceeding eighteen months. Candidates who become eligible under this concession must furnish an official certificate of the length and nature of their service.

‡ There is no form of application; the documents specified in paragraph 3 (2), clauses (*a*) and (*b*), should be enclosed in a covering letter addressed to the Secretary, Judicial and Public Department, India Office, London.

Engineering College, will be responsible that the College bills and fees are punctually paid, will receive and act on all reports sent from the College, and will see that the health certificates are duly forwarded to the College at the end of each vacation.

(c) A statement of the places of education at which he may have been, accompanied by testimonials of good conduct, during the last four years.

(3) Applicants will have to appear before a Medical Board* at the India Office, particular stress being laid upon good vision† and hearing. A physical test will also be imposed, so as to ensure the selection of persons of active habits and powers of endurance.

(4) Applicants who have passed the medical examination and the physical test will be permitted to undergo an examination before the Civil Service Commissioners in the following subjects‡ (Classes I and II), marks being assigned as follows :—

CLASS I.§

	Marks.
Mathematics, I (including Arithmetic)	3,000
German‖ (300 for colloquial)	2,000
Botany	2,000
Chemistry and Heat	2,000
English Composition	1,000
Geometrical Drawing	500
Freehand Drawing	500
Geography	500

CLASS II.

Mathematics, II	2,000
Latin	2,000
French	2,000
Greek	2,000
English History	2,000
Physics	2,000
Physiography and Geology	2,000

Candidates must obtain such an aggregate of marks in the examination as a whole as may indicate in the judgment of the Civil Service Commissioners a competent amount of general proficiency.

(5) The Secretary of State will nominate as probationers such competitors as attain the highest aggregate of marks (provided they obtain the aggregate referred to above and satisfy the requisite conditions in other respects). These probationers will then enter the College, where they will be further trained for the Forest Service in India.

(6) If the full number of competent probationers required in any year cannot be obtained from the persons so examined, the Secretary of State reserves a discretion to fill up the deficiency by selecting any other person or persons whom, after consulting the authorities of the College, he may consider properly qualified to become probationers for the Forest Service.

4. The course of study for candidates for the Indian Forest Service extends over about three years. For six terms the candidates will prosecute their studies at the College, and during the period of foreign study, which will occupy the remainder of the course, they will visit under suitable supervision such Continental forests as may be selected for the purpose. Excursions may also be made for purposes of instruction, both during term time and during part of the vacations.

* It is suggested that a candidate before commencing any special course of study should undergo a thorough medical examination. By such an examination any *serious* physical disqualification would probably be revealed, and the candidate might thus be spared the expense and waste of time involved in a course of preparation for a service for which he is physically unfit.

Candidates for the Forest Service may, if they wish it, undergo a preliminary examination by the Medical Board at the India Office, not more than two years before they are qualified to compete, under the following conditions :—

(a) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas and by a statement of the candidate's age.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves, for a final medical examination by the Medical Board, shortly before the literary examination at which they wish to compete.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

† On the subject of the standard of eyesight required for the Indian services, a pamphlet can be obtained on application to the Secretary, Judicial and Public Department, India Office.

‡ Reprints of the papers set at previous examinations, together with tables of the marks assigned to the candidates, are published by the Civil Service Commissioners, and can be obtained through any bookseller from the following Agents:—EYRE & SPOTTISWOODE, East Harding Street, Fleet Street, London, E. C.; OLIVER & BOYD, Edinburgh; and E. PONSONBY, 116, Grafton Street, Dublin. The price is one shilling.

§ All the subjects of Class I may be taken up. Only two of the subjects of Class II may be taken up.

‖ Candidates must qualify in German.

5. Each annual session begins in September, and is divided into three terms, with vacations of about four weeks at Christmas, two weeks at Easter,* and eight weeks in the summer.

6. A charge of £61 is made for each of the six terms spent at the College; for the period of foreign study the charge is £70 for each of the three terms. The amounts must be paid terminally in advance to the Bank of England. Receivable orders, with full directions as to the mode of payment, will be forwarded from the India Office to the parents or guardians shortly before the fees fall due. A student will not be allowed to come into residence or to start for or continue his study of foreign forests until his fee for the term has been paid.

7. A deposit of £5 is required to be paid by each student on admission to the College as caution money, to cover charges incurred by him for damage to books, instruments, etc., or any College bills outstanding on leaving the College. Any balance over and above such charges will be repaid. This deposit is to be paid with the fee for the first term, making the total payment on that occasion £66.

8. The foregoing payments cover all charges for tuition, board according to the College tariff, lodging with washing up to a cost of 2s. a week, and ordinary medical attendance while in residence at the College. When students are on tour, and during the course of practical instruction, whether in Great Britain or on the Continent, the Secretary of State will defray the expenses of (1) board, lodging, and washing (the aggregate maximum expenditure under these heads being 10s. per diem); (2) travelling expenses; and (3) fees to local Forest officers, etc.

Students are required to provide their own class-books and drawing instruments. Drawing paper, drawing boards, and surveying instruments are provided by the College.

9. The prescribed course of study comprises the following subjects:—

I.—Auxiliary Subjects.

1. Geometrical Drawing.
2. Freehand Drawing.
3. Surveying.
4. Forest Engineering.
5. Accounts.
6. German.
7. Physics.
8. Chemistry.
9. Geology and Mineralogy.
10. Entomology.
11. Botany.
12. Drill and Gymnastics.

II.—Forestry, Theoretical and Practical, in all its branches.

10. Every student is required to conform to the College rules, to exhibit due diligence in his studies throughout the course, and to give evidence of satisfactory progress in such manner as may be required, failing which or in the event of serious misconduct, he will be liable to be removed from the College, or to be sent back from the foreign study, which may entail the loss of his appointment.

11. During the course of study the proficiency of the students is tested by periodical examinations, and on the termination of their studies there is a final examination. Each student may also, at the discretion of the Secretary of State for India, be required from time to time to appear before the Medical Board, and should the result be unsatisfactory, he cannot claim to be allowed to complete the course.

12. The subjects enumerated in paragraph 9 are grouped in certain main branches of study,† and a fixed minimum of qualification is required—(1) in each separate subject taught at the College and during forest tours; (2) in each separate branch; and (3) in all branches taken together. Students who obtain these minima will receive the College diploma in Forestry.

13. Candidates who have obtained this diploma and are found to be of sound constitution and free from physical defects which would render them unsuitable for employment in the Forest Department (the final decision on which points will rest with the Secretary of State for India) will be appointed Assistant Conservators in the Forest Department of India in the order of their standing at the end of the final examination. They will be allowed before leaving the College to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India after consulting the President of the College. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

14. Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment. He must embark for India when required to do so by the Secretary of State, and will be provided with a free passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. The pay of an Assistant Conservator of Forests will begin from the date of reporting arrival in India. Probationers who acquit themselves creditably during their course at Cooper's Hill College will begin on a salary of Rs. 350 a month. It will, however, rest with

*While in actual residence at the College. During the third year, spent in study on the Continent, only one week is allowed at Easter.

†For details see Royal Indian Engineering College Calendar.

the President of the College to decide whether any of the probationers, though they have obtained the College diploma in Forestry, have failed to deserve that rate of initial salary. Such probationers, if any, will begin on a salary of Rs. 250 a month; and this difference of salary will continue until the first departmental examination is passed in India. Officers entering the Forest Service will be required to contribute a subscription ranging from a compulsory minimum of 5 per cent. up to a voluntary maximum of 10 per cent. of their salary to the Forest Officers' Provident Fund. Such contributions, with compound interest, will accumulate till the date of retirement, when the total sum will be paid to the contributor, or, in the event of death before retirement, to his legal representative.

16. Promotion, leave, and pension will be governed by the regulations laid down by the Government of India and made applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. The pension rules applicable to Public Works and Telegraph officers appointed from Cooper's Hill College have been extended to Forest officers appointed from England; and the Inspector-General of Forests and Conservators of the 1st grade are now eligible for the extra pension of Rs. 1,000 per annum admissible to an officer after at least three years of approved service as a head of a department in any province, if considered deserving of the special concession. A copy of the regulations relative to these matters can be seen on application either at the Library or the Record Department of the India Office. The principal rules are contained in the Abstract of the Civil Service Regulations, as given in the "India List and India Office List," published by Messrs. Harrison and Sons, 59, Pall Mall, London, which can be procured through any bookseller.

17. Every candidate, before proceeding to India, is required to furnish to the President of the College satisfactory evidence of his competency in riding. It is desirable that this evidence should be forthcoming before the candidate proceeds to the Continent for his final year of study.

General Rules.

18. Chemical, physical, and botanical laboratories, a forestry museum, a forest nursery, a library, and gymnasium are attached to the College. Means are also provided for the practice of photography. Students making use of the laboratories are supplied with the needful apparatus.

19. Each student residing in the College is provided with a separate room, and with fuel and light, also with the necessary attendance. Furniture and bedding are supplied by the College, but students are required to provide their own towels and bed linen. Meals are taken in Hall. Wine and beer are not included in the ordinary fare, but can be obtained from the College cellar at fixed prices.

Students not nominated for the Indian Forest Service.

20. Students not nominated for the Indian Forest Service may be received into the College, as far as the available accommodation permits. Such students may pass through the course of instruction prescribed for the nominees of the Indian Forest Service, as detailed above, or they may be permitted to participate in the instruction given in certain subjects only. On attaining the prescribed minima of marks in the several subjects of study and in totals as laid down above, they will receive, as the case may require, either the College diploma in Forestry or special certificates showing in what subjects they have followed the instruction, and with what result. No student who was not under the age of 20 on the 1st June in the year in which he entered the College will be permitted to compete for any scholarship or prize.

21. Candidates who desire to be admitted under paragraph 20 may submit the necessary application at any time, but not later than the 15th day of June of the year named for admission, except with the special permission of the President. The application must be made on the prescribed form, which can be obtained from the Secretary of the College.

22. Candidates whose applications are found satisfactory as to character and in other respects will be required to give satisfactory proof that they are qualified to follow the course of instruction with advantage (or certain parts of it, as the case may be). Candidates who fail in this will not be admitted to the College.

23. Candidates admitted to the College under paragraph 20, who propose to pass through the full prescribed course of study, will be required to pay the same fees in every respect as those paid by the nominees for the Indian Forest Service. Candidates who do not become resident, and are admitted only to certain subjects of study, will be required to pay the fees which may be fixed in each special case in consideration of the extent of their studies. The candidates of both classes will be required to abide by the general rules of the College.

FOREST ENTRANCE EXAMINATION.

Syllabus.

Mathematics—I.—Arithmetic; Algebra, up to and including the Binomial Theorem; the theory and use of logarithms; Euclid, Books I to IV and VI; Plane Trigonometry, up to and including solution of triangles; Mensuration.

Mathematics—II.—Further questions on the Syllabus of Mathematics (I); Elementary Solid Geometry, including Euclid, Book XI, propositions 1 to 21; Euclid, Book XII, propositions 1 and 2; Geometrical Conic Sections, the elementary properties common to the ellipse, parabola and hyperbola; Dynamics and Statics, uniform and uniformly accelerated rectilinear motion, uniform circular motion, motion of projectiles (not requiring a knowledge of the parabola), equilibrium of forces in one plane and of parallel forces, the centre of mass, and the construction and use of the simpler machines.

Latin.—Passages selected from the authors usually read in schools will be set for translation into English. Passages from English authors will be given for translation into Latin prose and verse, but candidates will be allowed, in the place of verse composition, to answer questions of a simple character, which will test whether they possess a fundamental knowledge of the grammar of the language, and such an elementary acquaintance with Roman History as is required for the intelligent study of the books they have read.

Greek.—Passages will be set for translation into English from the authors usually read in schools, and in other respects the examination will proceed on the same lines as in Latin.

French.—Translation of unseen passages from French into English, and from English into French. The passages for translation will be taken mainly from standard authors, and a few simple questions may be asked on the passages set as to the structure and character of the language, and allusions of obvious and general interest. The *viva-voce* examination will include Dictation. Three hundred marks will be allotted to colloquial knowledge of the language.

German.—The passages for translation will be taken mainly from standard authors, and in other respects the examination will proceed on the same lines as in French.

English Composition.—Candidates will be tested by *précis*-writing as well as by an Essay. The standard of positive merit will be looked for in logical arrangement of thought, and in accuracy and propriety of expression, but large deductions of marks will be made for faults of writing and spelling.

(Candidates are also warned that for similar faults in the use of the English language, similar deductions will be made from the marks obtained in other subjects.)

Geometrical Drawing.—Practical plane geometry; the construction of scales, and the elements of solid geometry and of simple orthographic projection. Great importance will be attached to neatness and exactness of drawing.

Geography.—Simple questions in descriptive and general geography.

English History.—The General Paper in this subject will be confined to events subsequent to the Norman Conquest. It will test whether the candidates are accurately acquainted with the facts of English History, and also possess an intelligent knowledge of the meaning of the facts.

The paper on the Special Period will be confined to distinctly modern history. It will require from the candidates more minute knowledge than the General Paper.

The Special Period will be for 1903—From 1783 to 1837.

Natural Science Subjects.—The standard of examination in these subjects will be such as may be reasonably expected from the education given at schools possessing appliances for practical instruction, such as a laboratory, etc. A considerable portion of the marks will be given for proficiency shown in the practical part of the examination. A knowledge of the metric system will be expected.

Chemistry.—The laws of chemical combination and decomposition, and the preparation, classification, and properties of the principal metallic and non-metallic elements, and of such of their compounds as are treated of in inorganic chemistry. In the practical part of the examination only the more ordinary apparatus and the less dangerous reagents will be supplied, and no candidate will be allowed to bring his own apparatus or reagents.

Heat.—The elementary portion of the subject.

Physics.—The elementary properties of electricity, magnetism, light and sound.

Physiography, i.e., Physical geography.

Geology.—Chiefly economic, including the recognition of the more familiar minerals and rocks, and their properties and uses.

Botany.—The elementary parts of vegetable morphology, histology, and physiology, and the principles of a natural system of classification as illustrated by the more important British natural orders. Candidates will be required to describe plants in technical language.

(Questions will not be set on vegetable palæontology or on the geographical distribution of plants.)

Ordered that a copy of the foregoing Regulations be forwarded for information, to the Governments of Madras and Bombay, the Local Governments and Administrations noted in the margin, the Inspector-General of Forests, and the Comptroller and Auditor General. Also that the Regulations be published in the *Supplement to the Gazette of India*.

THE SECOND SCHEDULE ABOVE REFERRED TO.

1. That the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal shall stand possessed of the Government Promissory Notes and Calcutta Municipal Debenture, of which the particulars are contained in the first Schedule above written, upon trust to receive the interest, income, and profits thereof when and as the same respectively shall become payable and from time to time to apply the same in accordance with the conditions hereinafter contained to the maintenance of the Rajkumari Leper Asylum established at Deoghur in the year 1895 by Dr. Mahendra Lal Sarkar, C.I.E., and other philanthropists.

2. That the administration of the interest, income, and profits of the said Government Promissory Notes shall be entrusted to the following persons as Trustees, namely:—

(1) The Deputy Commissioner of the Sonthal Parganas for the time being.
(2) The Subdivisional Officer of Deoghur for the time being.
(3) The next Senior Magistrate of the Deoghur subdivision for the time being.
(4) The third officer of the Deoghur subdivision for the time being, or such other Judicial officer as may be appointed in the subdivision with head-quarters at Deoghur.
(5) Dr. Mahendra Lal Sarkar, C.I.E.
(6) Babu Jogendra Nath Bose, B.A., inhabitant, Nathra, Diamond Harbour subdivision, 24-Parganas.
(7) The Subdivisional Inspector of Police for the time being.
(8) The Subdivisional Medical Officer for the time being.
(9) The General Manager under the Court of Wards with head-quarters at Deoghur for the time being.
(10) The Chairman of the Deoghur Municipality for the time being.
(11) The Vice-Chairman of the Deoghur Municipality for the time being.
(12) The Head Master of the Local English School for the time being.
(13) The High Priest of the Baidyanath Temple for the time being.
(14) Babu Bidhu Bhusun Sen, now residing at Deoghur.
(15) ,, Nabin Chandra Mullik, Rural Sub-Registrar, Deoghur.
(16) ,, Barada Prosad Basu, retired Executive Engineer.
(17) ,, Sukha Nath Bosu.
(18) Rai Tarini Prosad Bahadur, inhabitant, Rohini, and such other persons as shall hereafter, from time to time, be appointed to the office of Trustee under the provisions of the next succeeding clause hereof.

3. Whenever any Trustee, other than one of the *ex-officio* Trustees above named, shall die or desire to be discharged from, or refuse to act in, or become incapacitated through illness or otherwise from acting in the trusts hereby created, or shall be guilty of any gross misconduct, the surviving or continuing Trustees shall thereupon in writing appoint another person to be a Trustee in the place of the Trustee so dying, or desiring to be discharged, or refusing to act, or becoming incapacitated from acting, or becoming guilty of gross misconduct as aforesaid.

4. The duties of the said Trustees shall be as follows:—They shall apply the annual interest, income, and profits of the property vested by the above notification to the upkeep and maintenance and improvement of the said Rajkumari Leper Asylum, and shall thereout, in the first place, defray all such expenses of management of the said Asylum, of feeding, clothing, and medical treatment of the lepers, who shall for the time being be inmates thereof, and of repairs, improvements, and additions to the buildings and out-houses situate on the said land described in the second Schedule above written and pay all such rents and dues payable on account of the said land, as shall not be covered by the public subscriptions and donations, from time to time received in respect of the said Asylum. The expenses of management shall include the cost of providing a proper and efficient staff of servants for feeding and nursing the lepers, and of a further staff for the performance of clerical and other work in connection with the said asylum under the direction of the Honorary Secretary to be appointed by the Trustees as next hereinafter provided.

5. The Trustees shall annually in general meeting elect one of their number to be their Honorary Secretary. The duties of the said Secretary shall be to collect and receive subscriptions and donations from the public, to draw money from the Treasurer of Charitable Endowments for the purposes mentioned in the last preceding clause hereof, and also to keep accounts of all moneys received and expended by him, and to submit such accounts to the Trustees at their general meetings. The duties of the said Secretary shall include the appointment and dismissal of the staff as hereinbefore mentioned, the payment of their salaries and other disbursements necessary for the purposes mentioned in the last preceding clause and the general supervision of the said asylum.

6. Any surplus which may remain of the annual interest, income, and profits of the said trust property, and of the subscriptions and donations received from the public, after application of the same in manner provided in clause 4 hereof shall be deposited by the Trustees either in the Savings Bank or in the Bank of Bengal, and may be applied by them for such purposes in connection with the said asylum as they shall think fit, or may be invested, from time to time, in Government Promissory Notes or Municipal Debentures, and in the event of any investment being so made the same shall be transferred so as to vest in the Treasurer of Charitable Endowments upon the trusts declared in the above notification.

7. The Trustees may make such rules for, and in relation to, the conduct and management of the said asylum as they think fit, but such rules shall be in conformity in all respects with the rules which may, from time to time, be made by the Government of India relative to charitable institutions, and with the provisions of the Lepers Act, 1895, and the rules from time to time framed thereunder.

8. The Trustees shall hold an ordinary meeting at least once in every three months for the transaction of general business and passing accounts, and such meetings shall be held on some convenient day and at the subdivisional office or some other convenient place to be appointed by the Secretary in consultation with the Subdivisional Officer of Deoghur.

9. Any Trustee may call a special meeting by delivering or sending by post to the other Trustees at least a week's previous notice in writing, stating the time and the place of such meeting and the purposes or objects for which it is to be held.

10. The Deputy Commissioner of the Sonthal Parganas for the time being shall be the President, and the Subdivisional Officer for the time being shall be the Vice-President of the Trustees. The President or, in his absence, the Vice-President, shall be Chairman of every meeting of the Trustees. In the event of the absence both of the President and Vice-President, the next senior officer of the Deoghur subdivision (being a Trustee) may be appointed with the consent of the said Subdivisional Officer to be Chairman for any particular meeting which it may be necessary to hold in the absence of the President and Vice-President.

11. No business shall be transacted at any meeting unless at least five of the Trustees are present at the time when the meeting proceeds to business, and all business brought before any meeting shall be decided by majority of votes of the Trustees present, and in case of equality of votes, the Chairman of the meeting shall have a casting vote.

12. The minutes of the proceedings of every meeting shall be entered in a book to be kept for that purpose and signed by the Chairman of such meeting, and shall, when so entered and signed, be conclusive evidence of the business and other matters transacted at such meeting.

13. The Trustees may at any time, if they think fit, remove the said asylum from the said premises described in the second Schedule above written, to and thereafter maintain the same at any other place, and the trusts and provisions declared and contained in the above notification and this scheme shall remain in force and be applicable to and in respect of the said asylum after its removal as aforesaid in the same manner as if it had been originally established on such new place or site.

This supersedes the Notification No. 565 Medl., dated the 9th February 1903, published at pages 177 to 179, Part I, of the *Calcutta Gazette* of the 11th idem.

L. P. SHIRRES,

Life-buoys.	Twelve Rockets or other approved signals of distress.

If on any occasion this Steam-ship is employed in carrying Passengers under any other Act, then the boats and life-saving appliances required by that Act are to be carried, should they be more than the above.

THIS IS TO CERTIFY that the provisions of the Law with respect to the survey of the above-mentioned Steam-ship and the transmission of Declarations in respect thereof have been complied with.

Signed by order of the Government of Bengal,
this day of 190 .

Examined and registered,

Port Officer of Calcutta.

This Certificate, unless previously cancelled or revoked, to be in force until the day of 190 .

If the Ship is then out of a port of survey, she must be surveyed and have a new Certificate before she first begins to ply with Passengers after her next subsequent return to a port of survey.

Either this Certificate or the duplicate thereof, furnished by the Port Office, is to be put up in a conspicuous part of the Ship, where it will be visible to all persons on board the same; otherwise the Owner and Master shall each be liable to a fine which may extend to one hundred rupees.

If the number of Passengers carried exceeds the number stated on this Certificate, the Master or Owner will be liable to the PENALTY prescribed in the Acts of the India Council.

In case of any ACCIDENT occasioning loss of life, or any material damage affecting the seaworthiness or efficiency of the Vessel, either in the hull or in any part of the machinery, a report BY LETTER SIGNED BY THE OWNER OR MASTER, is to be forwarded to the Port Officer, Calcutta, within 24 hours after arriving in Port, or as soon thereafter as possible.

N.B.—Any communication addressed to the Port Officer, Calcutta, relative to this Vessel should state the Name, Port of Registry, and Official Number of the Vessel, and the Number of this Certificate.

The 9th May 1903.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 180B.

NOTIFICATION OF THE BOARD OF REVENUE.

No. 3559B.

THE following Rules for the payment of refunds of duty on salt bonded in Inland Bonded Warehouses, are published for general information.

Rules for the payment of refunds of Duty on Salt bonded in Inland Bonded Warehouses from the Calcutta Customs' Treasury.

1. On receipt of an application for refund of the duty on salt stored in an Inland Bonded Warehouse, the Collector of the district, through whom the returns of the warehouse are submitted, will cause to be prepared a statement of all payments of duty on account of salt stored in that warehouse, whether they have been made into the local Treasury or into the Calcutta Custom House Treasury, together with a report stating the quantity of salt on which a refund is payable, and explaining the reasons for the deficiency in the outturn of salt delivered from the warehouse. The salt receipts, in the case of payments at Calcutta, and the duplicate Treasury *chalans*, in other cases, with endorsements showing the deficiency in the outturn, will be annexed to the statement. The papers will then go before the Treasury Officer for verification by him of the payments of duty into the District Treasury. To facilitate this verification, the number of the bond securing the duty should, in future, be noted on the *chalans* at the time duty is paid in.

2. If the District Officer considers the refund admissible, under Rule 25 of the rules published at page 1329, Part I, of the *Calcutta Gazette*, of the 5th December 1900, he will cause a refund voucher to be prepared in Form No. 13, given at page 338, Volume I, of the Civil Account Code; and, after noting in his registers the amount to be refunded out of duty paid into his Treasury, and signing under the words "Passed for payment," he will forward it with all the papers to the Collector of Customs, Calcutta.

3. The daroga's statement of duty paid into the Calcutta Custom House Treasury (if any) will then be verified in the Custom House, and the papers will then be sent to the Superintendent of the Salt Golah Department, for report as to whether the short-delivery of salt on which the refund is claimed seems reasonable.

4. When it is considered that the refund should be paid, the statement of duty payments into the local Treasury (if any), verified by the local Treasury Officer, will be incorporated in the Custom House account of duty realised on account of the bond, and the

refund will then be noted for payment in the Calcutta Custom House. When payment is made, it will be entered against the above account, as required by Rule 99 of the Civil Account Code.

5. An advice of all refunds paid in the Calcutta Custom House under these rules will be sent to the District Officer for note against the original credit entries.

RESOLUTION No. 73T.—P.

The 8th May 1903.

READ a letter from the Inspector-General of Police, Lower Provinces, No. 5003, dated the 2nd April 1903, reporting on the working of the Pilgrim Camp at Chittagong during the season 1902-1903.

The Report shows that the arrangements for the despatch of pilgrims to the Hedjaz continue to work satisfactorily. There was no epidemic disease; the health of the camp continued to be good, and it was not affected by the removal of restrictions against pilgrimage from plague-infected areas. The only point in the report calling for special remark is the decrease in the number of pilgrims from 3,609 to 1,835, which is apparently due to Bombay and Karachi having again been thrown open to this traffic. The thanks of the Lieutenant-Governor are due to Mr. R. W. Carlyle, C.I.E., Inspector-General of Police, who was in general charge of the arrangements, and to Captain J. C. H. Leicester, I.M.S., the officer in charge of the Chittagong Pilgrim Camp, for the excellent manner in which they carried out the duties entrusted to them.

ORDER.—Ordered that this Resolution, together with the report of the Inspector-General of Police, be published in the *Calcutta Gazette*, and that a copy of the Resolution and of the report be submitted to the Government of India for information.

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,
Offg. Secy. to the Govt. of Bengal.

No. 5003, dated Calcutta, the 2nd April 1903.

From—R. W. CARLYLE, Esq., C.I.E., I.C.S., Inspector-General of Police, L. P.,
To—The Secretary to the Government of Bengal, Municipal Department.

I HAVE the honour to submit the report on the working of the Chittagong Pilgrim Camp during the season 1902-1903.

2. Under the terms of the Government of India, Home Department, Notification No. 2278, dated the 25th October 1902, the restrictions heretofore imposed on the departure of pilgrims from plague-infected areas were withdrawn, and the *Haj* was accordingly open during last season to any resident of India, subject to the regulations laid down in the above Notification.

3. The arrangements for the despatch of pilgrims from Chittagong were, as in previous seasons, placed in my charge by the Government of Bengal, Municipal Department, letter No. 1663Medl.—P., dated the 6th November 1902, and it was decided that Chittagong should be the port of embarkation for pilgrims from Bengal, Assam, and Burma.

4. *Holding of the charge of the camp.*—A commissioned Medical Officer was deputed by Government to have charge of the camp with an Assistant Superintendent of Police to look after the police arrangements. Captain S. A. Anderson, I.M.S., held charge of the camp from 10th November 1902 to 6th December P.M., when he was relieved by Captain J. C. H. Leicester, I.M.S., who held charge till the Camp was closed. Mr. R. J. Hirst, Assistant Superintendent of Police, held charge of the police force in the camp throughout the season. A deputation allowance equivalent to one-fifth of their salary, under article 98 of the Civil Service Regulations, was sanctioned for these officers while at the camp (*vide* Government Order No. 135Medl.—P., dated the 30th January 1903).

5. *Site, additions and alterations, &c.*—The camp opened on the 7th of November 1902. The site accommodation and general arrangements were in most respects practically the same as last year. Certain additions and alterations were, however, carried out during the past season, the more important of which were:—

(A) *Hospital.*—A plague hospital was erected on a site adjacent to and north of the cholera hospital, accommodation for twelve male and six female patients and attendants being provided. It was properly fenced in.

(B) *Latrines.*—The *kutcha* latrines in the hospitals and receiving yard were replaced by *pucca* ones.

(C) *Bathing platform in married quarters.*—A small *pucca* bathing platform was placed in the south-west corner of the married quarters and surrounded by high bamboo screens for the use of the females in these quarters.

(D) *Tank for kitchen, refuse water.*—A new receiving tank was constructed outside the kitchens in the "keep" for the reception of the waste water.

(E) *Trenching ground.*—A fresh piece of land was acquired as a trenching ground.

(F) *Superintendent's quarters.*—The Superintendent's quarters were enlarged by the addition of a bed-room, bath-room and two servants' quarters

(G) *Treasure chest.*—A new safe was purchased and has been set in the floor of the Superintendent's room.

(H) *Precaution against fire.*—Hydrants were laid on throughout the camp at an estimated cost of Rs. 2,664 and a supply of canvas hose provided; but, owing to some miscalculation on the part of the officer in charge of the work, it has been found that the hoses do not throw water sufficiently high to reach the top of the buildings. I am in communication with the Executive Engineer and Superintending Engineer, and trust the defects will be remedied without great expense.

6. *Drinking water.*—Owing to the big well having given way, a tank close to the pumping engine was taken over and cleaned and fenced. The Chemical Examiner having declared the water good, it was pumped up into the camp. Before the camp re-opens, it will be necessary to have this tank again thoroughly cleaned, and the Medical Officer strongly advises a good supply of fish being put in.

7. *Lighting.*—The camp was lit with street lamps outside, and hurricane lanterns were allowed inside the barracks.

There were 53 street lamps and 142 hurricane lanterns in use this season.

8. *Preliminary arrangements for shipping, &c.*—The arrangements were the same as last year, and owing to there being no competition, the passage money remained the same, viz. Rs. 75.

A further charge of Rs. 3 per head on account of fixed dues payable at Camaran and Jeddah was also levied on pilgrims: this money was handed over to the Agents of the Steamer Companies, who arranged for its payment to the Turkish authorities, through the masters of the pilgrim vessels, as was done last year.

Hajee Issup Mahomed Sulliman, representing Hajee Kasim, of Bombay, and Messrs. Turner, Morrison & Co., on behalf of the Bombay and Persia Steam Navigation Company, supplied the steamers as in previous years.

9. *Realisation of return railway fares.*—This practice was discontinued under Government Order No. 1882Medl.—P., dated 12th December 1902.

10. *Supply of sovereigns to pilgrims.*—In compliance with the orders of Government, it was explained to pilgrims that by taking sovereigns to the Hedjaz instead of rupees they would save considerable expense, and arrangements were made for a supply of sovereigns to the Chittagong Camp to meet the demand. This attention on the part of Government was much appreciated by the pilgrims.

11. *Sale of tickets, &c.*—The collection of passage money and of the fixed dues payable to the Turkish authorities was made personally by the Superintendent of the camp and by the Assistant Superintendent of Police.

12. *Guard for the camp.*—The usual guard of 10 head constables and 50 constables (in addition to the permanent guard of 2 head constables and 12 constables) deputed from surrounding districts having been found insufficient, 10 extra men had to be drawn from the Chittagong district, thus making a total of 12 head constables and 72 constables on duty.

No extra force was entertained in place of the men so deputed. The providing of the police guard did not therefore involve any extra cost to Government on account of pay. The guard were, however, provided with free rations.

13. *Diet.*—The food, as in previous years, was supplied by a contractor at a fixed scale. Under the orders of Government, each pilgrim was required to deposit Rs. 4-8 as the cost of rations during detention. The charge was not objected to.

The food was personally inspected by the Medical Officer each day. The scale fixed for each adult was as follows :—

For Bengalis.

	Chittaks.	
Rice	10½	daily.
Dál	2	,,
Vegetables	4	,,
Oil	¼	,,
Salt	⅛	,,
Condiments	⅛	,,
Onions	½	,,
Meat	3	twice a week.
Do.	1	the other five days.
Ghee	1½	daily.

For up-country men.

	Chittaks.	
Table rice ...	... 6	daily.
Flour ...	... 6	„
Ghee ...	... 1	„
Meat ...	... 6	five days a week.
Vegetables	... 4	daily.
Onions ...	... ½	„
Salt ...	... ⅛	„
Condiments	... 1/16	„
Dál ...	... 2½	two days a week when no meat given.

Extras, such as milk, fowls, eggs, &c., were supplied to the sick in hospital when ordered by the Medical Officer. They could also be obtained by other pilgrims from the contractor at fixed rates.

14. *Establishment.*—The following ministerial and menial establishments were employed in the camp during the past season :—

	Per mensem. Rs.	
One Head Clerk on Rs. 60	60	+ 8 house allowance.
„ Second „ „ 30	30	
„ Third „ „ 20	20	
„ Fourth „ „ 15	15	
„ Godown Muharrir on Rs. 40	40	
„ Hospital Compounder on Rs. 11	11	
Two head sweepers on Rs. 12 each	24	
Twenty-four male sweepers on Rs 10 each ...	240	
Two female sweepers on Rs 8 each	16	
Eight cooks on Rs. 10 each	80	
One tindal „ 15	15	
Two firemen „ 10 each	20	
Total monthly cost ...	579	

This works out Rs. 70 less than last season, as the number of male sweepers was reduced to 24.

15. *Medical staff.*—The medical staff this year consisted of one Indian Medical Service gazetted officer, one Assistant Surgeon and two Hospital Assistants.

16. *Labour staff.*—The labour staff employed varied from day to day according to requirements, the average number of coolies employed being 30 a day, including 174 employed for cutting grass and jungle before the camp opened.

17. *Disinfection and detention.*—The arrangements for the reception of pilgrims were practically the same as last season and worked satisfactorily, and as in previous years the down passenger trains stopped at the camp and two railway officials were attached to and housed in the camp. The pilgrims, as a rule, alighted at the camp station, though in some instances they went through to Chittagong, and after staying there a few days came into the camp by road.

The Medical Officer personally attended to the disinfection to make sure that all articles were thoroughly and efficiently disinfected and also to prevent unfounded complaints of any articles being lost or spoilt in sterilisation.

The Medical Officer, Captain Leicester, I.M.S., makes the following suggestions :—

"The arrangements for sterilisation I consider on the whole to be very good, but I think it would be a very great improvement if the disinfection chambers were to be enclosed in a small iron shed with a partition in the centre and all the articles put in at one end from one side of the chamber and taken out at the other after disinfection, as by this means there could be no chance of re-infection directly after sterilisation as there is by the present arrangement, when all the clothes are taken out and put in the same place as they were before being sterilised.

"The plan I have suggested is that carried out in almost all hospitals and other institutions in which clothes are disinfected as in this camp by steam under pressure."

The precautions will be adopted next season.

18. *Embarkation.*—Pilgrims were conveyed by special train from the camp to the jetty at double moorings (about six miles), and in the case of the first two steamers which sailed, were here put aboard steam launches and taken out to the steamers which lay beyond the bar, as the tides were not high enough to enable them to enter the river. The embarkation was carried out in each instance under the superintendence of the Port Officer. In the case of the last two steamers the pilgrims walked straight on board from the jetty.

The following is the list of steamers which sailed this season with dates of sailing and the number of pilgrims carried :—

STEAMER.	Date of sailing.	CARRIED.					
		Males.	Females.	Boys.	Girls.	Infants	TOTAL.
1. S.S. *Afghan* ...	22nd Dec. 1902	372	41	2	1	4	420

There was a decrease of 1,774 pilgrims this year, the number shipped during the season of 1901-102 being 3,609.

There were no accidents of any kind during embarkation.

The following are the details of the 1,835 pilgrims:—

In addition to the above, there were 44 pilgrims admitted into the camp, including—

Males ...	...	33
Females ...	...	8
Male children	...	2
Infant ...	...	1
Total	...	44

Of these, 4 died in camp, and the remaining 40 left for various reasons, chiefly ill-health and want of money for the return journey.

19. *Health of pilgrims.*—The general health of the pilgrims is reported by the Medical Officer to have been "very good." The four deaths were from the following causes:—

Peritonitis ...	... 1
Dysentery and old age	... 1
Debility ditto	... 1
Malarial fever ...	... 1

The total number of cases treated during the whole season among pilgrims, police and establishment was 724, of whom 665 were treated as out-patients and 59 were admitted to hospital.

All the pilgrims were visited by either the Assistant Surgeon or one of the Hospital Assistants daily in their barracks, and any one who was found ill was at once place under treatment.

The Medical Officer in charge visited the hospital daily and attended all the more serious cases, and in all cases directed whether the patients should be treated as out-ptients or in hospital.

A good number of vaccinations were carried out among the unvaccinated (and those with no marks of vaccination or small-pox) pilgrims of the camp by the town vaccinator of Chittagong.

There was no outbreak of epidemic disease of any kind.

20. *Closing of the camp.*—The camp was closed to pilgrims on 16th January 1903.

The police guards from the neighbouring districts were sent back, and most of the ministerial and menial establishments were discharged on the 8th February 1903. The property of the camp was, as usual, made over to the Collector of Chittagong, and the camp buildings were made over to the Public Works Department.

21. *Establishment sanctioned during the recess season of the camp.*—A menial establishment of four coolies at Rs. 7 each a month and one sweeper at Rs. 9 a month, with a monthly oil allowance for four lamps at Rs. 4-8, has been sanctioned (*vide* Government Order No. 267T.—P., dated 23rd May 1902) at a monthly cost of Rs. 41-8, or the proper maintenance of the camp during the recess season. A tindal on Rs. 30 and a fireman on Rs. 10 a month have also been sanctioned (*vide* Government Order No. 236Medl.—P., dated 20th February 1903) to look after the engines, and the Executive Engineer, Dacca Division, has been requested to appoint and pay these men.

22. *Inspection of the camp.*—The camp was twice inspected by my Personal Assistant, Mr. K. B. Thomas, for me.

23. I have much pleasure in acknowledging the satisfactory manner in which Captain Leicester, I.M.S., performed his duties as Superintendent of the camp.

24. *Accounts of expenditure.*—The usual statement of expenditure during the season will be submitted to Government later on after verification by the Accountant-General, Bengal.

BARASET-BASIRHAT TRAMWAY.

No. 86R.—Notification.—It is hereby notified that an application has been duly made to the Local Government of Bengal by Messrs. Martin and Company, of Calcutta, for and on behalf of a Company about to be formed and to be called the Baraset-Basirhat Light Railway Company, Limited, for sanction to the construction of a line of tramway between Baraset on the Bengal Central Railway line and the town of Basirhat, within the district of the 24-Parganas; and whereas it appears to the Local Government expedient and proper that the said application should be granted, the Local Government, in pursuance of section 5 of the Bengal Tramways Act, 1883, makes the following order.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

PRELIMINARY.

Short title.

1. This order may be cited as the Barasat-Basirhat Tramway Company Order.

Interpretation clause.

2. The several words and expressions to which meanings are assigned by the Bengal Tramways Act, 1883, have in this Order the same respective meanings:

Provided that in this Order the expression "the tramway" or "the undertaking" shall mean the tramway and works and undertaking by this Order authorised, except where the context may require a different meaning, and the words "the Act" shall mean the said Bengal Tramways Act, 1883.

Law applicable to the tramway.

3. (1) The tramway authorised by this Order shall be constructed, maintained, and worked, subject to the provisions of the Act, of the rules from time to time in force under the Act, and of this Order.

(2) No powers or rights shall be deemed to have been conferred on the Promoters or to have been relinquished by Government, except as in this Order expressly provided.

Promoters and Company.

4. Messrs. Martin and Company, Calcutta, shall be the Promoters for the purposes of this Order, and are in this Order referred to as "the Promoters," and this expression shall, except where the context may require a different construction, include the Company to be formed and called the Baraset-Basirhat Light Railway Company, Limited, hereafter in this Order referred to as "the Company."

CONSTRUCTION OF TRAMWAY.

Authority to Promoters to construct tramway.

5. The Promoters shall construct and maintain, subject to the provisions specified in this Order, and to the agreements made between the Promoters and the Local Authorities, which are set forth in the First Schedule attached to this Order and in accordance, also, with plans and sections deposited by the Promoters with the Local Government, the tramway hereinafter described with all proper establishments, rails, bearings, stations, offices, works, rolling-stock, and conveniences connected with the tramway or required for the purpose thereof.

Dates for commencing and completing the tramway.

6. (1) Subject to any extension of time that the Local Government may see fit to grant, the Promoters shall substantially commence the construction of the said tramway within one year from the date of this order and shall complete and equip the same in every respect for opening and working for traffic to the satisfaction of the Local Government within three years from the date of this Order.

(2) In the event of the said Promoters failing to commence the construction, and to complete and equip the tramway as provided in the first paragraph of this clause, then in any such case the Local Government shall be at liberty to revoke this Order, and the Local Government shall thereafter be at liberty to enter into any arrangements with any other person or persons for the construction of a tramway from Baraset to Basirhat; and in the event of this Order being revoked by reason of the said Promoters failing to complete and equip, and open for traffic, the said tramway within the period of three years from the date of this Order, the Local Government shall have the option of taking over all the permanent-way and rolling-stock of the tramway at a reasonable valuation to be determined by the Local Government, and in the event of the Local Government exercising this option, all the other works and the buildings of the tramway may be dealt with under the provisions of the Act relating to the discontinuance of tramways as a tramway whereof the discontinuance has been proved to the satisfaction of the Local Government.

If, however, the Local Government do not desire to exercise the option of taking over the permanent-way and rolling-stock of the tramway as herein provided, then and in such case the tramway, including the permanent-way, the rolling-stock, and all the buildings and works of every kind connected therewith may be dealt with under the provisions of the Act relating to the discontinuance of tramways as the tramway whereof the discontinuance has been proved to the satisfaction of the Local Government.

Description of the tramway authorised.

7. The Tramway authorised by this Order is a single line with necessary passing places within the district of the 24-Parganas, starting from Baraset, a station on the Bengal Central Railway, 14 miles distant from Calcutta, and running along the district road to Basirhat, being a distance of about 26 miles, and entirely within the district of the 24-Parganas.

From Baraset the line is taken along the district road to Bamanmura, and thence through Kadamgachi, Golabari, Degunga, Dealia, Sarupganj, Metia and Mathurapur to Basirhat. There will be three diversions from the road. The first one of 1,400 feet, between Golabari and Degunga, to take the line across the Balliaghatta creek; the second and third diversions, of 1,700 feet and 1,500 feet, respectively, between Metia and Basirhat.

Promoters authorised to use the road subject to limitation.

8. The Promoters may use for the construction of the tramway, but not for the purposes of any building or erection connected therewith, one side of the road over which the tramway is to run 8 feet in width.

In cases where there are no buildings on that side of the road on which the tramway is laid, the said width of 8 feet shall be measured from the gutter on that side of the road, or where the road is in embankment, from the edge of such embankment; and in cases where there are buildings on that side of the road, the said width shall be measured from such point on that side as in the opinion of the Government Engineer in charge of the road is safe and proper; but for the purpose of crossing bridges where desired, the tramway may approach the centre of the road as far as shall, in each case, be deemed unavoidable by the said Engineer:

Provided always that—

(1) there shall nowhere be a less width of road clear of the inner rail of the tramway than 14 feet;

(2) if any addition to the existing width of the metalled surface of the road is rendered necessary in order to comply with the terms of this Order, or if any addition to or alteration of any bridge is, in the opinion of the Government Engineer in charge of the road, rendered necessary by the tramway, the same shall be carried out by, and at the cost of, the Promoters to the satisfaction of the said Engineer;

(3) at no point on the metalled road shall there be more than one line of rails; any loop-lines turn-outs, or sidings that may be required must therefore be placed elsewhere than on the metalled portion of the road;

(4) the metalling of the roadway shall not be interfered with more than is absolutely necessary for the proper construction of the tramway; and in all cases where such metalling has been so interfered with, it shall be repaired and made good with all reasonable promptitude by, and at the cost of, the Promoters to the satisfaction of the Government Engineer in charge of the road.

Bridges.

9. In all cases where, in the opinion of the Government Engineer in charge of the road, the existing road bridges are not sufficiently strong to carry the tramway, the Promoters shall make at their own cost such additions to or alterations of any such bridges as may be required by the said Engineer, and the work shall be carried out and completed to his satisfaction:

Provided that the Promoters may, at their option, construct at their own cost, for the purposes of the tramway, separate bridges of such design and in such manner as shall first be approved by an Engineer or other officer duly appointed in this behalf by the Local Government, and shall complete the same to the satisfaction of the said officer.

Acquisition of additional land required by Promoters. Disposal of land not required by the Promoters.

10. (1) Such additional land (over and above that which the Local Authorities have agreed to grant free to the Promoters, in terms of clause 1, First Schedule, hereunto annexed) as may be required by the Promoters and sanctioned by the Local Government as necessary for the purposes of the tramway shall be acquired by the Local Government on behalf of the Promoters under the Land Acquisition Act, I of 1894, and the cost of acquiring such land shall be met by the Promoters.

(2) The Promoters may, from time to time, with the approval of the Local Government, but not otherwise, sell or otherwise dispose of any land acquired by the Local Government on their behalf which may no longer be required for the purposes of the undertaking.

Gauge of tramway and provisions regarding grooved or double rails.

11. The tramway shall be constructed on a gauge of 2 feet 6 inches. In villages and at all level-crossings of district or village roads, and wherever the width of metalled road left clear of the inner rail of the tramway is less than 14 feet and the tramway is not fenced, either grooved or double rails shall be used, and at all such places the metal of the road shall be maintained flush with the level of the top of the rails. At all places where double rails are used, such rails shall be kept properly secured to each other by distance pieces placed at regular intervals to the satisfaction of the Government Engineer in charge of the road.

Standard dimensions to be observed.

12. Without prejudice to the powers conferred on the Local Authorities by section 14 of the Act, as regards the type of cars and carriages to be used on the tramway and the brakes and other appliances with which they are to be furnished, the standard weights and dimensions of rails, sleepers, rolling-stock, and other equipment of the tramway are to be as set forth and described in the Second Schedule attached to this Order. The Local Government, however, reserves to itself the right to revise the said standard weights and dimensions, and the special sanction of the Local Government must be obtained before the materials, &c., required for the tramway are ordered.

Stations and buildings.

13. The Local Government shall have the power of determining, from time to time, the situation and dimension of all stations, station-yards, offices, warehouses, houses for employés, conveniences and works to be constructed in connection with or as part of the tramway.

Fencing.

14. The Promoters shall, within three calendar months of being called upon by the Local Government to do so, be bound to provide at their own expense fencing on both sides of the tramway, either along the whole or any part of its length, and shall carry out and complete the work in such manner and in such time as the Local Government may direct.

Provision of level-crossings, gates, and gatemen.

15. (1) The Promoters bind themselves to provide, at their own cost and to the satisfaction of the Local Government, suitable level-crossings wherever the

tramway crosses district and village roads, and at such other places as the Local Government or any officer appointed by the Local Government in this behalf may, from time to time, direct.

(2) The Promoters shall, at their own cost, provide gates with gate-keepers' lodges, and shall maintain, at their own cost, gate-keepers at such level-crossings or bridges crossed by the tramway as the Local Government may, from time to time, direct.

Provision of additional crossing places, etc., required by Promoters.

16. Subject to the previous sanction of the Local Government, in each case, the Promoters may hereafter from time to time make, at their own cost, such crossings, passing-places, junctions, and other works as may be required, in addition to those specified in their application for this Order or authorised by this Order, and all such works shall, when sanctioned by the Local Government, be completed to the satisfaction of the Local Government.

Additional works required by Local Government.

17. The Promoters shall, at their own cost, construct and maintain all such stations, passing-places, sidings, junctions, and all other works, in addition to those specified in or authorised by this Order, and shall also employ and maintain all such establishments, in addition to those specified in or authorised by this Order, as the Local Government may, from time to time, consider to be expedient for the safe and efficient working of the tramway, or for the convenience and safety of the public and of the traffic of the roadway. All such additional works shall be completed to the satisfaction of the Local Government.

MOTIVE POWER, SPEED AND SIGNALS.

Power to be used by the tramway.

18. The vehicles used on the tramway may be moved by steam-power. The outside cylinder type of locomotive may be used, but the Local Government reserves to itself the right to order noiseless and smokeless locomotives to be used on any portion of the tramway.

Speed of trains.

19. The speed of trains on the tramway shall not exceed 12 miles, or such other speed as may, from time to time, be authorised by the Local Government: Provided always that until the whole line is fenced on both sides, the maximum speed shall not exceed 10 miles an hour and the engines shall be fitted with cow-catchers.

Signals.

20. All the permanent and crossing stations of the tramway shall be provided with home signals, which shall be at least 20 feet in height, and shall be located on the platforms. The Local Government, however, reserves to itself the right to order distant signals to be provided at the permanent and crossing stations, as well as both home and distant signals at such other stations, in addition to those referred to herein, and at such other places as may be considered necessary by the Local Government

In thick, foggy, or tempestuous weather detonator signals shall be used in addition to the ordinary day and night signals, and all signals in use on the tramway shall be constructed, worked and used in accordance with such orders as may be prescribed, from time to time, by the Local Government.

MAINTENANCE AND WORKING OF TRAMWAY.

Maintenance of way, works, and stock.

21. The Promoters shall at all times maintain and keep in good condition and repair to the satisfaction of the Local Government, or of any officer duly appointed in this behalf by the Local Government, all way, works, rolling-stock, and appliances appertaining to the tramway; and shall maintain the tramway, way, works, rolling-stock, and appliances, and shall work the same in such manner as will, to the satisfaction of the Government Engineer in charge of the road, avoid all risks of danger or annoyance to the ordinary road traffic.

Maintenance of portion of road over which tramway runs.

22. (1) The Promoters shall maintain and keep in repair, to the satisfaction of the Government Engineer in charge of the road, so as not to interfere in any way with the efficient drainage of the road, the portion of the road on the side on which the tramway is laid; such portion shall include the width of the side of the road on which the tramway is laid from a point 4 feet from the centre line of the tramway on the side nearest to the centre of the road and on the other side to the bottom of the slope of the embankment when the road is in embankment, or to the top of slope of the cutting when it is in cutting, or where there are buildings to the point to be determined by the Government Engineer in charge of the road, under the provisions of clause 8 of this Order.

The said portion of the road shall be ballasted by, and at the cost of, the Promoters, who shall also, at their own cost, alter the position or level of the tramway and of the said portion of the road to suit future alterations in the road or such future alterations in the tramway as may be approved by the Local Government, and shall forthwith repair, make good, and reinstate, to the satisfaction of the Government Engineer aforesaid, any other portion of the road which shall at any time be in any way damaged by reason of any fault of the Promoters or of any accident to or upon the tramway. The gutter or drain on the side of the road on which the tramway is laid, as the same at present exists or shall hereafter be constructed at the cost of the Local Government or of the Local Authorities, shall likewise be maintained in efficient order by and at the cost of the Promoters.

(2) The portions of the road from 4 feet from the centre line of the tramway to the opposite side of the road from the tramway will be maintained and kept in repair by, and at the expense of, the Local Authorities.

Inspection of works, accounts, &c.

23. The undertaking and all works, stock, appliances and accounts appertaining thereto shall at all times be open to the inspection and examination of any person or persons whom the Local Government may appoint for that purpose, and the Promoters shall afford all reasonable facilities for the inspection or examination to the officer making it.

Closing of tramway and disuse of rolling-stock by order of Local Government.

24. When after inspection of the tramway or portion of the tramway or any rolling-stock used thereon, the officer making the inspection under clause 23

of this Order reports to the Local Government that, in his opinion, the use of the tramway or any portion thereof, or of any specified rolling-stock, will be attended with danger to the public using it, the Local Government may direct that the tramway or portion thereof be closed for the public conveyance of passengers, or that the rolling-stock so specified shall no longer be used, as the case may be.

Tramway not to be re-opened without sanction.

25. When the tramway or any portion of the tramway has been closed under clause 24 of this Order, it shall not be reopened for the public conveyance of passengers, unless and until it has been inspected by the officer referred to in clause 23 of this Order and its opening sanctioned by the Local Government.

Rolling-stock not to be used again without sanction.

26. When the Local Government has, under clause 24 of this Order, prohibited the use of any rolling-stock, the said rolling-stock shall not be used unless and until the Local Government sanctions its use.

Powers of Local Government to authorise interference with tramway in carrying out necessary works, &c.

27. (1) In the event of any necessity arising for carrying out, in or on land occupied by the tramway, any works of any kind whatsoever, for which interference with the tramway may be considered necessary by the Local Government, the said Government may, by notice in writing and without prejudice to the powers conferred on the Local Authorities by section 38 of the Act, call upon the Promoters to show cause why such portion of the tramway should not be closed for traffic as may enable the said works to be carried out in safety.

After considering the necessity for closing such portion of the tramway, as well as any objections or suggestions that may be made by the Promoters, the Local Government may direct that the Promoters shall close the said portion of the tramway for such a period of time and under such conditions as in the circumstances of the case may appear necessary.

(2) The Promoters shall be bound to comply with such directions and allow the work referred to therein to be carried out: Provided that, unless otherwise directed, any portion of the tramway which it may be necessary to remove in order to carry out such work shall be removed and reinstated by, or at the expense of, the Local Government, or the person or persons at whose instance the work is carried out: And provided also that the Promoters shall, if they are, at the time the Local Government either interferes with or stops the working of the tramway under the first paragraph of this clause, paying any rent to the Local Authorities for the use of road, receive an abatement of such rent proportionate to the length of road over which and to the time during which the working of the tramway is stopped.

Conditions on which Promoters allowed to interfere with structures in or on the road.

28. In the event of the Promoters desiring that any bridge, drain, culvert, water-course, telegraph line or other thing whatsoever on or adjacent to the land to be used for the tramway should be removed or the position thereof altered, the Promoters shall give notice in writing to the Local Authorities, who shall thereupon deal with the matter themselves, if within their powers, and, if not, shall refer the matter to the Local Government or other authority competent to deal with it, who shall pass such orders thereon as in the circumstances of the case may appear fit.

Power of Promoters to make temporary tramway.

29. When from accident or flood, or by reason of the execution of any works under the provision contained in clause 27 of this Order, or when, from any other reason, it is in the opinion of the Local Government necessary or expedient to remove or discontinue the use of the tramway or any part thereof, the Promoters may, subject to such conditions and in accordance, in all respects, with such regulations as the Local Government may, from time to time, make, construct, and maintain, so long as occasion may require, a temporary tramway in lieu of the tramway or part of the tramway removed or discontinued.

Lopping trees.

30. The Promoters shall not, without the consent in writing of the Government Engineer in charge of the road or of the Local Authorities, as the case may be, cut down or lop any tree growing along or by the side of the road, provided that in case of emergency, the Promoters may remove or lop the branches or any portion of a tree which projects or hangs in such a manner as to be a source of danger or impediment to the tramway traffic.

Use of excavated material.

31. Any road metal or material excavated by the Promoters from the road, in the construction or maintenance of the tramway, may be applied by them in or towards reinstating the said road, or in or towards completing any work thereon required by this Order.

Stacking of materials.

32. The Promoters may stack road metal and other materials for the construction or maintenance of the tramway within the limits of the road boundaries, but the same shall be stacked in such a manner as, in the opinion of the Government Engineer in charge of the road, will not impede or endanger the traffic on the said road.

Unused portion of road to be left free.

33. The portion of the road which the Promoters are not authorised by or under this Order to use for the purpose of the tramway shall be left free and unencumbered for ordinary traffic, and no obstruction whatever shall be placed thereon or caused thereto without the previous written consent, which may be revoked at will, of the Government Engineer in charge of the road.

TRAFFIC AND TRAFFIC WORKING.

Traffic to be carried.

34. The tramway may be used for the purpose of conveying passengers, passengers' luggage, animals, goods, minerals, and parcels. But the Promoters shall have the liberty to refuse to carry any person or any animals suffering from any infectious or contagious disorder, and articles that may be declared dangerous or offensive by bye-laws to be framed under section 27 of the Act. Provided that nothing in this clause shall be taken to restrict the right of the Local Authorities by bye-laws made under section 26 of the Act to prohibit the carriage or conveyance of persons or

animals suffering from any contagious disease or of goods declared to be dangerous or offensive.

Maximum fares and rates.

35. At the outset the following shall be the maximum rates of fares for passengers and tariff of charges for goods:—

(a) *Passengers*—

	Per mile.
Third class ...	4½ pies.
Intermediate „ ...	6 pies
First „ ...	1½ annas.

Any fraction of a mile will be reckoned as a mile, and no fare shall be less than one anna.

(b) *Goods*—The Bengal Central Railway's classification of goods shall be adopted, and the following rates shall be observed as the maxima for the different classes of goods:—

	Per 100 maunds per mile. As.
First class ...	8
Second „ ...	10
Third „ ...	12
Fourth „ ...	14
Fifth „ ...	16

(c) *Parcels carried for any distance*—

	Rs.
Not exceeding 5 seers, or 1 cubic foot ...	1
Not exceeding 10 seers, or 2 cubic feet ...	2

and one rupee for each additional 10 seers, or 2 cubic feet or part thereof.

(d) *Passengers' luggage*—A free allowance of luggage will be made to each passenger as follows:—

	Seers.
First class ...	60
Intermediate ...	20
Third class ...	15

Luggage in excess of the foregoing weights may be charged for at a rate not exceeding two annas per maund per mile.

Full control over charges of all kinds for the use of the tramway is reserved to the Local Government.

Running of trains.

36. No train shall be run between sunset and sunrise, except with the previous consent of the Local Government, and upon such conditions as may be approved by them.

Passenger classes.

37. Provision shall be made in all trains for two or more classes of passengers.

Train lights.

38. (1) During foggy weather every train shall exhibit a red tail-light and two red sidelights in rear of the train, and every engine running alone, during foggy weather, shall exhibit at least one red tail-light.

(2) The same train and engine lights shall also be used when any train runs between sunset and sunrise.

Working of trains. Brakes and brakevans.

39. The train shall be worked on "the one-engine or train-staff and ticket system," according to Government General Rules and Regulations for Railways.

40. All engines shall be provided with an efficient brake worked by hand or steam, and acting on at least four wheels of the engine or its tender. All wagons shall be provided with an efficient brake acting on at least half of the wheels of the wagon. There shall be at least one fully-braked vehicle with a person in charge of it at the rear of each train.

Prohibiting undue preference.

41. The Promoters shall not, as between members of the public, make or give any undue or unreasonable preference or advantage to or in favour of any particular person or company or any particular description of traffic, or subject any particular person or company, to any undue or unreasonable prejudice or disadvantage. The Local Government shall have absolute power, for the purposes of this clause, to decide whether any preference, advantage, prejudice or disadvantage is undue or unreasonable.

MISCELLANEOUS.

Crossing of tramway by any railway or other tramway.

42. In the event of its being necessary, under the authority of the Local Government, for any railway or tramway line other than that referred to in this Order to cross the tramway on the level or otherwise, the Promoters shall not be competent to raise any objection, provided that such reasonable expenses as may be shown to the satisfaction of the Local Government to have been incurred by the Promoters, on account of any interference with the tramway that may be necessary for such crossing, shall be borne by the administration of the railway or tramway authorised to cross:

Provided that the Local Government shall have absolute power, for the purpose of this clause, to decide the question as to the reasonableness of the expenses incurred by the Promoters on account of the interference with the tramway.

When the tramway interferes with the location or extension of any railway.

43. In case it hereafter be found that any portion of the alignment adopted by the Promoters for the tramway interferes with the location of any new line of railway, or the extension of any existing line of railway, the alignment occupied by the tramway shall be forthwith, at the request of the Local Government, abandoned in favour of the railway, and the tramway shall be diverted in such way and in such manner as shall appear to an Engineer or other officer duly appointed in this behalf by the Local Government to be fair and proper, provided that the actual cost of constructing such diversion shall be borne by the authorities of the said railway.

Penalty for breach of section 15 of the Act.

44. If the Promoters fail in any respect to comply with any of the provisions of clause 6 of section 15 of the Act, and the Local Authorities shall find it necessary or desirable to do anything or incur any expense to remedy any such failure on the part of the Promoters, all expenses so incurred shall be, on demand, repaid to the Local Authorities by the Promoters, and the certificate of the Chairman for the time being of the Local Authorities shall be conclusive evidence that all expenses referred to in such certificate were so incurred, and the said Promoters shall not be at liberty to dispute the same.

On Promoters' default works may be executed by Local Government.

45. In the event of any work required by the Act or by this Order to be done by the Promoters not being done by them, the Local Government may cause a notice to be served on the Promoters requiring them, within a period to be prescribed in the said notice, to execute the said work, and if within the period so prescribed such requisition is not complied with, the Local Government may cause such work to be done, and the cost thereof shall be recoverable from the Promoters. The certificate of the Government Engineer or other officer in charge of such work shall be conclusive evidence that all expenses referred to in such certificate have been incurred in carrying out such work, and the Promoters shall not be at liberty to dispute the same.

Improvements may be directed by the Local Government.

46. The Promoters shall adopt and apply all such improvements in the tramway and in the rolling-stock and appliances thereon as the Local Government may from time to time consider necessary or desirable for the safety or convenience of the public.

Transfer of tramway.

47. The Promoters shall not have power to transfer the undertaking without the previous sanction of the Local Government otherwise than as provided in clause 5 of Part I of the First Schedule hereto attached, and as shall be provided in the supplementary agreement to be entered into between the Promoters and the District Board, 24-Parganas.

Statistics.

48. The Promoters shall provide, without unreasonable delay, such statistics relating to the tramway or to the traffic thereon as may from time to time be required by the Local Government.

Concession in this Order gives Promoters no exclusive right as carriers on the road traversed by the tramway.

49. It is to be distinctly understood that no concession granted under this Order confers on the Promoters any exclusive right as carriers over any part of the tract traversed by the tramway. In the event of Government deciding to construct or granting a concession to construct a broad gauge line between Baraset and Basirhat, the tramway shall be purchased outright either by Government or the concessionaire under the terms specified in clause 5 of the agreement between the District Board and the Promoters referred to in the First Schedule.

Penalty for failure of Promoters to comply with Orders.

50. (1) If the Promoters fail to observe any condition or direction contained in or made under this Order, they shall, for each such failure to observe the same, be liable to a penalty which may extend to two hundred rupees and, in the case of a continuing failure, to a further penalty which may extend to fifty rupees for each day after the first during which such failure continues.

(2) When the Promoters have through any act or omission become liable for any penalty under this clause, the penalty shall become recoverable by suit in the District Court having jurisdiction in the place where the act of omission or any part thereof occurred.

(3) The Local Government may remit the whole or any part of any penalty to which the Promoters become liable under this clause.

(4) Every penalty recovered under this clause shall be applied as the Local Government from time to time may direct.

51. The terms of this Order are without prejudice to the power of the Governor-General in Council, under section 146 of the Indian Railways Act, 1890, to extend the provisions of that Act to the tramway of which the construction is authorised by this Order.

ARBITRATION.

52. If any dispute, question or controversy shall at any time arise either between the Local Government and the Promoters, or the Local Authorities and the Promoters, touching this Order, or any clause or thing herein contained, or the construction hereof, or any matter connected with this Order, or the operation of the same, or the rights, duties or liabilities of any of the parties in relation to the premises, then and in every such case the matter in difference, unless special provision shall have been made in this Order for the settlement of the matter so in difference, shall be referred to two arbitrators or their umpire, pursuant to and so as with regard to the mode and consequence of the reference, and in all other respects to conform to the provisions in that behalf contained in the Code of Civil Procedure, 1882, or any subsisting statutory modification thereof, and upon every such reference the arbitrators and umpire shall respectively have power to examine witnesses upon oath or affirmation, and either to fix, settle, and determine the amount of cost of the reference and award respectively or incidental thereto to be paid by both parties making the reference, or by either party, or to direct the same to be taxed either as between Solicitor and client or otherwise, and to direct and award where and by and to whom such costs shall be paid and every or any such reference may be made a rule of His Majesty's High Court of Justice or of the High Court of Judicature at Calcutta on the application of either the Local Government, the Local Authorities or the Promoters, and either the Local Government, the Local Authorities or the Promoters may instruct Counsel to consent thereto for the other party.

FIRST SCHEDULE.

AN AGREEMENT made the fourteenth day of December one thousand eight hundred and ninety-seven BETWEEN THE DISTRICT BOARD OF THE 24-PARGANAS incorporated under the Bengal Local Self-Government Act of 1885 and hereinafter called "the Board" of the one part and SIR THOMAS ACQUIN MARTIN, KNIGHT, RAJENDRA NATH MOOKERJI, CHARLES WOOLARD WALSH and HAROLD PATRICK MARTIN the members for the time being of Martin & Co., Calcutta, Engineers and Contractors, hereinafter called "the Promoters" for and on behalf of a Company about to be formed and called THE BARASET-BASIRHAT TRAMWAY COMPANY, LIMITED, hereinafter called "the Company" of the other part. WHEREAS the Promoters are desirous to promote the construction of a tramway to be worked by steam-

power from Baraset to Basirhat and have applied to the Board for a concession to the Company of the right to construct and erect such a tramway through over or along that portion of the road between Baraset and Basirhat which passes through the area under the jurisdiction of the Board and the Board have granted such a concession (provisionally on the same being sanctioned by the Government of Bengal) upon the terms and conditions hereinafter set forth: NOW THESE PRESENTS WITNESS that it is hereby mutually agreed as follows:—

1. The Board will grant to the Company in perpetuity subject to clause 6 the free use of so much of the said portion of the said road as is necessary but not exceeding a width of eight feet on one side for the purpose of laying thereon and using a Steam Tramway of two feet six inches gauge to be worked by the Company. The Board will also grant to the Company in perpetuity subject as aforesaid full right and liberty to lay the said tramway across the said road wherever necessary and to use the same wherever laid across the said road.

2. The Board will promote the acquisition by the Company under the provisions of Act I of 1894 of such additional land outside the boundary of the said road as may be necessary for the purposes of the said tramway.

3. The Board will recommend and apply to the Local Government to exempt the Company from the tax on account of road cess or to exact only a nominal tax for a period of twenty-one years from the date when the said tramway is opened for traffic with power of renewal.

4. As soon as five miles of the said tramway shall have been constructed and declared open for traffic the Board subject to the consent of the Government guarantee to supplement the net earnings of the Company by such annual subsidy as may be necessary to make the net profits of the Company equivalent to Rs. 1,500 per annum per mile of tramway constructed and declared open provided that the total liability incurred by the Board under this clause in any one year shall not exceed the sum of Rs. 38,000 being 4 per cent. on the amount of the Company's share capital. Any surplus profits in excess of 4 per cent. on its capital aforesaid earned by the Company shall be equally divided between the Board and the Company.

No debentures shall be raised except with the sanction of the District Board and the debenture interest to be deducted from gross receipts for the purpose of ascertaining the divisible surplus profits shall be taken at not more than 4 per cent. on the amount of debentures.

5. In the event of the Board exercising the right of purchase conferred upon them by section 41 of Act III of 1883 (B.C.) the value to be placed upon the tramway as a going concern shall be calculated at twenty years' purchase of the average net annual profits to the Company during the four years preceding the transaction together with a bonus of 20 per cent. on the amount so arrived at over and above that amount. In case of dispute the matter will be determined by arbitration under the clause in that behalf hereinafter contained.

6. The Company to be formed shall be one of limited liability registered under Act VI of 1882 and all matters connected with the said tramway shall be dealt with by Directors of whom one in six shall be nominated by the Board.

7. The greater part of any remuneration which the Company may agree to pay to any Agents whom it may appoint over and above a fair allowance for office expenses shall not be in the form of any fixed payment, but in the form of a commission on net profits

8. The Company shall widen and raise the level of the road wherever necessary it being understood that a clear roadway of fourteen feet exclusive of the eight feet required for the Tramway and with the necessary crossing places shall be left intact for ordinary wheeled traffic.

9. The necessary levels sections plans and designs required by the Government shall be prepared by and at the expense of the Promoters.

10. The Company shall construct new bridges and culverts and widen and fortify existing bridges and culverts wherever necessary

11. The Company shall construct, maintain and repair all works connected with the said tramway with suitable materials to be approved by Government.

12. If any doubt or difference shall arise between the Board and the Promoters or the Board and the Company concerning anything herein contained or any matter in any way connected therewith or with these presents or the construction thereof or the rights duties and liabilities of any person or persons in connection with these presents or as to the incidence of expense as between the Board and the Company under any of the clauses of this agreement then and in every such case the matter in doubt or difference shall be referred to two arbitrators one to be appointed by each party or to the umpire of such arbitrators in case they differ in opinion, but if either of the parties shall refuse or neglect to appoint for one month after notice in writing from the other of an arbitrator being or having been appointed then the arbitrator so appointed may make a final decision alone which shall have the same force and effect as the award of two arbitrators or their umpire duly appointed.

13. Upon the adoption of this agreement by the Company in such manner as to render the same binding on the Company the Promoters shall be discharged from all liability in respect thereof.

14. Unless within six months of the date of this agreement the Promoters shall have applied to the Local Government for its sanction of this agreement either of the parties hereto may by notice in writing to the other rescind the same. Subject to the sanction of the Local Government being granted to such application and subject to any extension of time which the Local Government may see fit to grant the Promoters shall complete and equip the said tramway in every respect ready for opening and for the working of traffic throughout the whole line and with the full complement of cars and engines as provided in section 21 of Act III of 1883 (B.C.) within three years from the date of the Government

order. After adopting this agreement the Company shall stand in place of the Promoters for the purposes of this clause.

15. The rescission of this agreement under clause 14 shall not give rise to any claim for compensation express or otherwise.

As WITNESS the hand of the Chairman for the time being of the Board and the hands of the Promoters the day and year first above written.

SCHEDULE 2.

I.—GENERAL.

Formation—Single line—

(1) Minimum width in embankment ...	10	ft.
(2) Minimum width in cuttings (excluding side drains)	10	„

Formation—Double line—

(3) Minimum width in embankment ...	23	„
(4) Minimum width in cuttings (excluding side drains) ...	23	„
(5) Minimum distance, centre to centre of tracks (out of station) ...	12	„

Curves—

(6) Maximum angle of curvature on main line ...	24° (*r* = 238 feet).	

NOTE.—In open country 1,432 feet is recommended.

Ballast—

(7) Minimum width of ballast at level of foot of rails	6	ft.
(8) Minimum depth of ballast below sleepers ...	6	in.

N.B.—These minimum dimensions may be relaxed in the case of a line being opened to traffic before the banks have settled, when suitable restrictions are placed on the speed of trains.

Sleepers—

Timber cross-sleepers—

(9) Minimum length ...	8	ft.
(10) Minimum breadth ...	6	in.
(11) Minimum depth ...	4	„
Minimum number of sleepers per mile ...	2,000	

N.B.—On bridges where the cross-sleepers rest directly on longitudinal girders, the sleepers are to be spaced not more than 1 foot 1 inches centre to centre.

Rails—

(12) Minimum weight per yard	30	lbs.
(13) Minimum clearance of guard rail for curves and level-crossings ...	1⅞	„
(14) Minimum clearance of guard rails for points and crossings ...	1¾	„
(15) Maximum clearance of guard rails for points and crossings ...	1⅞	„

N.B.—The maximum clearance for curves and level-crossings will vary according to the radius of the curve.

(16) Minimum depth of space for wheel flange for rail level	1½	in.

Buildings, &c.—

(17) Minimum horizontal distance from centre of track to any structure (out of station) from 1 foot above rail level to a height of 9 feet 6 inches above rail level	6	ft.

N.B.—(*a*) Under (17) any material stacked by the side of the line is to be considered a structure in the sense in which the word is here used.

(*b*) Where the line is on a curve the horizontal distance of a fixed structure from the centre of an adjacent track is to be increased as follows:—

For a curve of—				
2°	*r* = 2,865	feet allow	1¼″	extra.
4°	*r* = 1,432	„ „	2½″	„
6°	*r* = 955	„ „	4″	„
8°	*r* = 716	„ „	5¼″	„
12°	*r* = 477⅓	„ „	8″	„
16°	*r* = 358	„ „	10½″	„
20°	*r* = 286¼	„ „	12½″	„
24°	*r* = 238⅔	„ „	16″	„
28°	*r* = 204	„ „	18″	„

(18) Minimum height above rail level at centre of track for overbridges of overhead bracing out of station	12 ft. 6 in.	
(19) Minimum height above rail level for telegraph wires crossing the line or above surface of road where carried over roads at level-crossings	20 ft.	

N.B.—The minimum horizontal distance from the centre of the nearest track at which a telegraph post may be erected is the total height of the post *plus* 7 feet; also where the line is in cutting a telegraph post erected on the berm must be at a distance from the edge of the cutting of not less than the total height of the post.

II.—STATION YARDS.

Spacing of tracks—

(1) Distance between centre of track nearest the station building and centre of track next to it	14	ft.
(2) Minimum distance, centre to centre of tracks ...	12	„
(3) Minimum clear available length of one siding for crossing trains ...	600	„

N.B.—The "available length" of siding whether the line be curved or straight) terminates where the distance between the centre line of the siding and the centre line of the adjacent track begins to be less than 12 feet.

The length of siding may, with the sanction of the Government of India, be reduced to such extent as may appear advisable. But for each such case sanction is to be obtained *before* work is commenced.

Buildings, &c.—

(4) Minimum horizontal distance of any building from centre of track at passenger platform ... 20 ft.

(5) Minimum horizontal distance from centre of track to any structure in the vicinity of a passenger platform (but not *on* a platform) ... 8 ,,

N.B.—This rule does not apply to point-levers between racks, water-cranes or loading gauge.

(6) Minimum horizontal distance from centre of track to any structure not in the vicinity of a passenger platform, from platform level, if any, or from 1 foot above rail level, if there be no platform, to a height of 9' 6" above rail level ... 7 ft.

N.B.—Under this rule coal or any material stacked by the side of the track is to be considered a structure in the sense in which the word is here used.

A projecting overhanging roof is permissible in the case of a goods shed on a siding if such roof extends over the centre of the track at a height of not less than 12 feet above rail level.

(7) Minimum height above rail level for 5 feet from centre of track for tie-rods or underside of any continuous roof or covering in passenger stations ... 16 ft. 6 in.

(8) Minimum height above rail level for 5 feet from centre of track for passenger foot-bridges crossing the line in stations ... ... 16 ,, 6 ,,

(9) Minimum height above rail level for telegraph wires crossing the line or above surface of road where carried over road within the boundary of station ... 20 ft.

Points and crossings—

(10) Minimum horizontal distance from centre of track to point handle indicator or any part of point apparatus above rail level ... 6 ,,

N.B.—A point handle may not in any position be within 6 feet of the centre line of the nearest track. A clear distance of 6 feet is also to be preserved from centre of nearest track to any part of the point apparatus fixed or movable above rail level—an arrangement involving the placing of a point handle between tracks should be avoided as far as practicable, but where this arrangement is adopted, the point handle must work parallel with the rails, not at right angles thereto.

(11) Minimum radius of curve 175 ft.

(12) Standard crossings ... { 1 in 6 / 1 in 8½

(13) Standard length for tongue rails ... 7 ft.

III.—STATION MACHINERY.

Water-tanks—

Minimum height for bottom of tank above rail level *at water column*—

(1) For watering engines ... 14 ft.

(2) ,, washing out engines 20 ,,

(3) Minimum distance from centre of track to face of tank house ... 9 ,,

(4) Minimum capacity of tank at any station ... 500 c. ft.

Water-cranes—

(5) Minimum distance in the clear from centre of track to nearest part of water column from 1 foot above rail level ... 6 ft.

(6) Standard height above rail level for discharge of orifice of water-crane jib ... ... 10 ft. 6 in.

(7) Standard internal diameter for piping from tank to water-crane ... 4 in.

Ash-pits, &c.—

(8) Minimum clear length at bottom for ash-pits in station yards ... 15 ft.

(9) Standard average depth for ash-pits in station yards ... ... 3 ,,

(10) Standard depth for examining pits for carriages and wagons ... 3 ,,

Engine running sheds—

Minimum width for running sheds inside in the clear—

(11) For two lines of rail ... 30 ft.

(12) ,, one line of rail ... 18 ,,

(13) Minimum distance, centre to centre, of tracks in running sheds ... 12 ,,

Running shed doorways—

(14) Minimum width ... 9 ,,

(15) Minimum height, if flat at top ... ... 11 ,,

(16) Minimum height to crown of arch, if with semi-circular arch 13 ,,

(17) Standard average depth for wash-out pits in running sheds ... 3 ,,

(18) Standard average depth for repairing pits in running sheds ... 3 ,,

Turn-tables—

(19) Minimum diameter for engine turn-tables ... 15 ,,

(20) Minimum diameter for carriage or wagon turn-tables ... ... 12 ,,

Traversers—

(21) Minimum length for carriage or wagon traversers ... 12 ft.

Weigh-bridges—

(22) Minimum length for weigh-bridges for ordinary stock ... 12 ft.

(23) Minimum weighing power for weigh-bridges for ordinary stock ... 10 tons.

IV.—LOCOMOTIVES AND ROLLING-STOCK.

Maximum moving dimensions—

(1) Maximum width of stock from rail level to floor level ... ... 7 ft. 6 in.
Ditto floor level to 6 ft. above rail level ... 7 „ 0 „
Ditto 6 feet above rail level to top ... ... 7 „ 6 „

(2) Maximum height above rail level ... ... 10 „ 0 „

Weight on a pair of wheels—

(3) Maximum for locomotives under any circumstances ... ... 6 tons.

(4) Maximum per foot of diameter ... ... 2·25 „

(5) Maximum for carriages and wagons ... 4 „

N.B.—The weight given above is the maximum permissible under any circumstances with vehicle fully loaded. The weight on a pair of wheels includes the weight of wheels, axles, axle-boxes, and springs.

Weight per foot run of wheel base—

(6) Maximum for either engine or tender separately in the case of tender engines ... 1·5 tons.

(7) Maximum for tank engines 2 „

Weight per foot run over buffers—

(8) Maximum for engine and tender together in the case of tender engines 0·875 ton.

(9) Maximum for tank engines 1 „

(10) Maximum for carriages and wagons ... 0·6 „

Total gross weight—

(11) Maximum for engine and tender together in the case of tender engines 30 tons

(12) Maximum for tank engines 18 „

The weights given are the maximum permissible under any circumstances with engine in working order, and full load of fuel and water.

Wheel bases—

(13) Maximum rigid wheel base for passenger and goods vehicles ... 12 ft.

Buffers and couplings—

(14) Buffers ... ... Central.

(15) Mean height above rail level for centres of buffers for half-loaded vehicles ... ... 1 ft. 9 in.

Height for floors—

(16) Maximum height above rail level for floor of any vehicle unloaded 2 „ 5 „

(17) Minimum height above rail level for floor of any vehicle fully loaded 2 „ 3 „

Wheels and axles—

(18) Standard wheel gauge or distance apart for all wheel flanges ... 2 „ 3½ „

(19) Standard diameter on the tread for new wheels 1 „ 8 „

(20) Maximum projection for flange of worn tyre below rail level ... 1 in.

Accommodation—

(21) Minimum width of seat per passenger ... 19½ in.

(22) Minimum floor area per passenger ... 3½ s. ft.

(23) Minimum cubic capacity per passenger ... 22 c. ft.

Roof lamps—

(24) Standard diameter inside in the clear for rings of standard carriage roof lamps ... ... 8½ in.

(25) Standard diameter for carriage roof lamps at level of ring ... 8 „

The 19th May 1903.

No. 87R.—Notification.—Whereas it appears to the Lieutenant-Governor of Bengal that land is likely to be required to be taken by Government at the public expense for the Bengal Provincial Railway Company, in the villages of Kola, Nonamut, Bagati, Sultanpur, Baikanthapur, Bajea-Baikanthapur and Bandapara, parganas Arsha and Pownan, zilla Hooghly, it is hereby notified that for the above purpose a piece of land measuring, more or less, 51 bighas 9 cottahs and 15·77 chitaks of standard measurement (corresponding to 17 acres and 3·92 poles), is likely to be required within the aforesaid villages of Kola, Nonamut, Bagati, Sultanpur, Baikanthapur, Bajea-Baikanthapur and Bandapara.

This notification is made, under the provisions of section 4 of Act I of 1894, to all whom it may concern.

No 88R.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the Bengal Coal Company, for an assisted siding to Dumurkunda Collieries on the Chanch Branch, East Indian Railway, in the village of Dumurkunda, pargana Dumurkunda, zilla Manbhum, it is

hereby declared that for the above purpose a piece of land measuring, more or less, 2 bighas 6 cottahs and 9·36 chitaks of standard measurement (corresponding to 3 roods and 3·20 poles), bounded on the north by the Chanch road, on the south and east by the paddy and soona lands of Nanda Bawoori and on the west by the East Indian Railway Company's land, is required within the aforesaid village of Dumurkunda.

Mines of coal, iron-stone, slate or other minerals lying under the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6 of Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected in the office of the District Engineer, East Indian Railway, Asansol.

One Cannon and twenty-four Cartridges or other approved means of making signals of distress. Twelve Rockets or other approved signals of distress.

If on any occasion this Steam-ship is employed in carrying Passengers under any other Act, then the boats and life-saving appliances required by that Act are to be carried, should they be more than the above.

THIS IS TO CERTIFY that the provisions of the Law with respect to the survey of the above-mentioned Steam-ship and the transmission of Declarations in respect thereof have been complied with.

Signed by order of the Government of Bengal,
this day of 190 .

Examined and registered, *Port Officer of Calcutta.*

This Certificate, unless previously cancelled or revoked, to be in force until the day of 190 .

If the Ship is then out of a port of survey, she must be surveyed and have a new Certificate before she first begins to ply with Passengers after her next subsequent return to a port of survey.

Either this Certificate or the duplicate thereof, furnished by the Port Office, is to be put up in a conspicuous part of the Ship, where it will be visible to all persons on board the same; otherwise the Owner and Master shall each be liable to a fine which may extend to one hundred rupees.

If the number of Passengers carried exceeds the number stated on this Certificate, the Master or Owner will be liable to the PENALTY prescribed in the Acts of the India Council.

In case of any ACCIDENT occasioning loss of life, or any material damage affecting the seaworthiness or efficiency of the Vessel, either in the hull or in any part of the machinery, a report BY LETTER SIGNED BY THE OWNER OR MASTER, is to be forwarded to the Port Officer, Calcutta, within 24 hours after arriving in Port, or as soon thereafter as possible.

N.B.—Any communication addressed to the Port Officer, Calcutta, relative to this Vessel should state the Name, Port of Registry, and Official Number of the Vessel, and the Number of this Certificate.

A. PEDLER,
Director of Public Instruction, Bengal.

CHITTAGONG DIVISION.

Rules for the admission of Private Students to the University examination of 1904.

I.—ENTRANCE EXAMINATION.

1. A student who does not appear from any school, or who has been transferred since the 1st of September next preceding the examination, without the consent of an Inspector of Schools, to the school from which he appears, will be treated as a private student.

2. The term "private student" includes school-masters.

3. Private students are requried to attend the test-examination of one of the undermentioned high schools, on dates to be fixed by the head-masters:—

(1) Comilla Zilla School.
(2) Brahmanbaria Annada High School.
(3) Chandpur High School.
(4) Noakhali Zilla School.
(5) Feni High School.
(6) Chittagong Collegiate School (with the Principal's permission).
(7) Chittagong Madrasa.
(8) Chittagong Municipal High School.
(9) Rangamati Government High School.

4. Applications for permission to appear at the test-examination should be made to the Inspector of Schools, and they must reach his office on or before the 15th November 1903.

5. Every private candidate shall state in his application whether he is an ordinary private candidate or a school-master, his age, residence and father's name, the school at which he desires to appear for the test-examination and his postal address, which should be written legibly and distinctly, so that no mistake may be likely to occur.

6. A private candidate who is not a school-master should file with his application the Transfer Certificate (in original) granted him from the school in which he last studied; or, if he failed at a previous Entrance examination and did not join a school afterwards, the Registrar's receipt (in original) for the fee paid; or he will furnish satisfactory proof that he has not failed at the test-examination of any Entrance school in the current session, and that he is of good moral character.

7. A school-master will have to file with his application a certificate from the Secretary or Proprietor of the school in which he is serving to the effect that he has been a *bonâ-fide* paid teacher of the school not later than since the 7th June 1903. In case he has served in more than one school, he must produce certificates from the several schools of his having been a *bonâ-fide* paid teacher all along since the 7th June 1903.

8. If this office is satisfied that the necessary conditions have been fulfilled, the permission asked for will be granted and sent to the applicant, who must produce it before the head-master of the school at which he desires to appear for the test-examination.

9. A private candidate should be identified to the satisfaction of the officer conducting the test-examination.

10. Each private student will pay a fee of Rs. 2 to the head-master of the school at which he appears for the test-examination. The fee is intended to meet the cost of the examination and charges for postage, &c.

11. The head-master of each of the abovenamed schools is requested to direct the private candidates who may pass at the test-examination from his school to appear before him on a fixed date, which should not be later than the 2nd January, and cause them to fill in the forms of application for admission to the Entrance examination in his presence. He will then sign the certificates appended to the applications, and forward them to this office (in a registered cover, if sent by post) for countersignature. Under no circumstances should the entrance fee be sent to this office.

12. After countersignature the applications will be sent by the Inspector direct to the candidates, who must make their own arrangements for the transmission of their applications and fees to the Registrar of the Calcutta University, so as to be received at his office on or before the 25th January 1904.

13. The Entrance examination will be held on the 7th March 1904 and following days.

II.—F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ-fide* masters of English schools, who have served as such for the full period of two academical years after passing the Entrance, will be admitted to the F.A. examination; and those who have served for the same period after passing the F.A. will be admitted to the B.A. examination. Candidates who have failed in the F.A. or B.A. examination may be admitted to the same examination if they have served for a term of six months since the date of the last examination.

2. By *bonâ-fidâ* masters of English schools are to be understood teachers who hold regularly-paid appointments in recognised English schools teaching at least the Middle English course.

3. All applications from school-masters to the Inspector for permission to appear at the F.A. or B.A. examination should be accompanied by certificates of length of service (with dates) from the Secretaries of the schools in which they are employed, and should reach this office not later than the 9th January 1904.

4. The application of a school-master for admission to the F.A. or B.A. examination should be signed by him in the presence of the Secretary or a member of the Managing Committee of the school in which he is employed. It should then be forwarded to the Inspector for his signature, accompanied by (1) a certificate from the Secretary or a member of the Managing Committee to the effect that it has been signed by the candidate in his presence; (2) the University certificate of the candidate in proof of his having passed the Entrance or F.A. examination, as the case may be; and (3) the Registrar's receipt to prove, if this be the case, that the candidate has appeared at the examination of any previous year. The B.A. candidates should also send in their Entrance pass certificates.

5. After signature by the Inspector, the application, together with the documents that accompanied it, will be returned to the candidate, who will have to send the application and the examination fee to the Registrar of the Calcutta University, so as to reach his office on or before the 6th February 1904.

6. The F.A. and B.A. examinations will be held on the 21st March 1904 and following days.

KUMUD BANDHU BOSE,
Offg. Inspector of Schools, Chittagong Division.

CHITTAGONG,
The 4th May 1903.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 6th and 7th July 1903, at 10-30 A.M., both days.

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth, not required, if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination; the application to be accompanied by the fee of Rupees Ten.

SIBPUR,
The 12th May 1903.

B. HEATON,
Offg. Principal, Civil Engineering College.

NOTIFICATION.
